

QEEG/NEUROFEEDBACK SERVICES AND PRICES

Mini QEEG: \$995 *(includes QEEG results and interpretation)*

- Will be billed to insurance.
- Recommended for those who are seeking neurofeedback training.

QEEG: \$1,635 *(includes QEEG results, interpretation, and 3D images through NeuroNavigator)*

- Will be billed to insurance.
- Recommended for those who have more complex presenting problems or need official documentation.
- Follow session to review and discuss results.

Brain Optimization Index: \$250 *(if QEEG billed to Insurance then additional \$150 only)*

- Available for out of pocket purchase only**
- Not available with MiniQEEG option.
- To analyze the function of different brain networks – i.e Addition, Attention, Anxiety Depression.

Brain Performance Index: \$250 *(if QEEG billed to Insurance then additional \$150 only)*

- Available for out of pocket purchase only**
- Not available with MiniQEEG option.
- Uses discriminant analyses to identify EEG measures that discriminate between low I.Q. vs high I.Q. subjects and then used a linear regression equation to provide an estimate of brain efficiency

Concussion Index: \$250 *(if QEEG billed to Insurance then additional \$150 only)*

- Available for out of pocket purchase only**
- Not available with MiniQEEG option.
- The Concussion Index designed to track changes in the brain following a TBI

Traumatic Brain Injury: \$250 *(if QEEG billed to Insurance then additional \$150 only)*

- Available for out of pocket purchase only**
- Available only with full QEEG and minimum of 5mins Eyes closed and open
- Not available with MiniQEEG option.

Concussion Index: \$250 (if QEEG billed to Insurance then additional \$150 only)

- Available for out of pocket purchase only**
- Not available with MiniQEEG option.

Full Automatic Clinical Report Analysis: \$485 (serves as an official document)

- Available for out of pocket purchase only**
- Not available with Mini QEEG option.

Full QEEG Automatic Clinical Report with Psychiatrist from Neuroguide: \$685 (serves as an official document)

- Available for out of pocket purchase only**
- Not available with Mini QEEG option.

Full QEEG Automatic Clinical Report Analysis with Neurologist and Psychiatrist, visual review of EEG traces: \$1085 (serves as an official document)

- Available for out of pocket purchase only**
- Not available with Mini QEEG option.

Full QEEG Automatic Clinical Report from Neuroguide for Legal Cases: \$1650 (serves as an official document)

- Available for out of pocket purchase only**
- Not available with Mini QEEG option.

Full QEEG Package: \$2,795 (includes QEEG results, interpretation, Brain Optimization Index, Concussion Index, 3D images through NeuroNavigator, and full written report)

- Will be billed to insurance. Patient will be responsible for the remaining balance.
- Available for full QEEG only.
- Includes Full Automatic Clinical Report Analysis, Brain Optimization Index, Brain Performance Index
- LORETA stands for “Low Resolution Electromagnetic Tomography”
- Surface 1-21 Channel Z score Neurofeedback, swLoretta Z Score Neurofeedback
- NeuroNavigator
- NeuroNavigator’s swLoretta current source density Normative database
- NeuroNavigator’s swLoretta effective connectivity Normative database.

Neurofeedback Training: \$435 (*per session – discount if paying cash- please discuss with your provider*)

- Will be billed to insurance.
- Available for out of pocket purchase
- swLoretta Z Score Neurofeedback

Neurofeedback Training Basic Package: \$3,500 (*includes 10 sessions*)

- A \$4,350 value! Equivalent to getting 3 sessions for free!
- Available for out of pocket purchase only.
- Patients must commit to all 10 sessions ahead of time. If the patient discontinues training before the end of the 10 sessions (not otherwise discussed with provider) will be responsible for the remaining balance.

Neurofeedback Training Pro Package: \$5,500 (*includes 20 sessions*)

- A \$8,700 value! Equivalent to getting 8 sessions for free!
- Available for out of pocket purchase only.
- Patients must commit to all 20 sessions ahead of time. If the patient discontinues training before the end of the 20 sessions (not otherwise discussed with provider) will be responsible for the remaining balance.

Neurofeedback Training Deluxe Package: \$ 13550 (*Includes 40 sessions*)

- A \$16,700 value! Equivalent to getting 8 sessions for free!
- Available for out of pocket purchase only.
- Patients must commit to all 20 sessions ahead of time. If the patient discontinues training before the end of the 20 sessions (not otherwise discussed with provider) will be responsible for the remaining balance.
- Includes full QEEG / brain mapping with Brain Optimization Index, Brain Performance Index, Concussion Index and Full automatic clinical report analysis.

Elemental Neuroscience Education and Brain Training Institute: (Available for select students during the summer- scholarship may also apply)

- **A \$25,700 value!** Equivalent to getting 15 sessions for free!
- Available for out of pocket purchase only.
- Patients must commit to all 20 sessions ahead of time. If the patient discontinues training before the end of the 20 sessions (not otherwise discussed with provider) will be responsible for the remaining balance.
